EVA MONOCOLOR SETA YELLOW MONEYBOX/SCULPTURE

\$455

DESCRIPTION

Either in a bookcase or on top of an accent table, this apple-shaped ceramic moneybox will capture the eye with its vibrant, total-yellow look distilling pure liveliness. The subtle contrast of finishes between the glossy stalk and the silky body increases its aesthetic value and expresses the craftsmanship of the artisans who followed the special technique, developed by the brand's founders, to which the silk effect is owed. Available in other colors, please check the Artemest catalog.
