Modenese Gastone

EXPANDABLE RECTANGULAR TABLE

\$7,420

DESCRIPTION

An exercise in visual balance and material quality, this rectangular table is a versatile accent in any decor. An alluring combination of finishes, the table top has three distinct layers: a black lacquered table top and bottom, and a bold band with a natural wood finish embedded in the center, supported by elegant curved legs molded in the Queen Anne style. The beveled table corners bear a distinctive motif in black, creating a dynamic color contrast. Expandable with two additional extensions (each measuring 50 cm), this table is perfect for both intimate dinners or large family occasions.
