**F4 PICCADILLY TEAL BENCH**

\$4,070

## DESCRIPTION

This enthralling bench from the F4 Collection suits niche residential and commercial contexts. Its wooden frame merges streamlined and curved edges as a tribute to the simple aesthetic of round head nails ("chiodi a testa tonda" in Italian), its partial fabric upholstery by Kirkby Design drawing inspiration from the original Piccadilly pattern popular in the '90s among the furnishing of the London Underground. The pastel green lacquer results from the cooperation with Rezina.
