F4 TT02 ORANGE COFFEE TABLE

\$1,350

DESCRIPTION

Soft curves and clean lines define the sculptural aesthetic of this coffee table, playfully inspired by round head nails. Its smooth wooden structure lacquered in a soft shade of orange is composed of two supporting, intersecting panels piercing the round top. The finishes in cooperation with Rezina come from the catalogs of Little Greene, Ressource, and Farrow & Ball paint companies. Other variants from the F4 Collection are also available upon request to the Concierge.
