Testatonda

F4 TT04 RED CONSOLE

\$2,840

DESCRIPTION

An impeccable balance of volumes and shapes inspired by round head nails ("chiodi a testa tonda" in Italian) defines the original silhouette of this stylish wooden console from the F4 Collection. Two orthogonal panels with round upper profiles cross the elongated top, which shares with them the curved design of two of its sides. The warm and romantic red lacquer is achieved thanks to the collaboration with Rezina and Little Greene, Ressource, and Farrow & Ball paint companies.
