FATIMIDE SET OF 10 PAINTED YELLOW TILES

\$380

DESCRIPTION

Honoring the Fatimids, an ancient Arab dynasty that left fundamental artistic and cultural impressions in Sicilian society, this set of ten tiles celebrates deft craftsmanship and traditional Sicilian art. Exquisitely handmade, this set will be a decorative accent in an interior backsplash and its design is directly inspired by the wooden ceiling of the Palatine Chapel in Palermo. Each hexagonal piece is made of vitrified volcanic stone with painted colored ceramic to highlight the geometric patterns on the dark background. Other colors available are black, red, orange, white, blue, green, and brown, please ask the Concierge for details.
