FEGALLIANO WHITE CHANDELIER

\$4,200

DESCRIPTION

Included in a collection named after famous Venetian doges inspired by the timeless-classic Venetian chandeliers, the elegant and dynamic lines of the Fegalliano chandelier will transform any interior in an artistic place. The classic structure is entirely made of white blown Murano glass and features a bowl embellished with a teardrop finial from which nine curved arms extend upward holding cup-shaped bobèche. The absence of the opulent decorative features distinctive of the Venetian style enhances the essence of the design.
