FENICE MOTHER OF PEARL CENTERPIECE

\$170

DESCRIPTION

A captivating work of functional art, this stunning centerpiece embodies traditional craftsmanship and innovation. The flared silhouette is crafted of mouth-blown glass and coated in mother of pearl and sterling silver. A delicate layer of white mother of pearl lines the interior, creating a striking color and textural contrast with the silver-plated exterior. A shiny, polished rim completes the composition. Styled on a table with fresh fruits, this unique piece is a refined addition to any dining room.
