FIORI DI VETRO NERI EARRINGS

\$290

DESCRIPTION

Bold and vibrant in their color and texture, these handcrafted earrings offer a striking, vintage-inspired vibe that can pair with everything from casual to dressed up. Dangling from fishhook wires made of gilded bronze, they feature a captivating black, vintage lampwork glass bead hand-painted with delicate, colorful flowers over a bronze-colored band. A series of gilded and red gilded bronze beads with sandblasted finish and a small freshwater pearl add the final touch to the style-defining elegance of these earrings. Available also in gold, ask the Concierge for details.
