\$8,780

DESCRIPTION

A classical tapestry with a modern twist, this whimsical rug is a dynamic composition that will enrich a child's bedroom or play den. Cool blue and lilac tones dominate the composition, the delicate lilac fronds in the background highlighting the vibrant light and dark blue hues in the foreground. The striking color contrast enriches the visual quality of the piece, adding textural depth and harmony. Made by expert Tibetan rug-makers, the hand-knotted wool and bamboo threads give the rug a soft finish. Entirely customizable upon request.
