FISH PLATE A SERVING PLATE

\$395

DESCRIPTION

This fish-shaped plate in white majolica from the Bianconero Collection is the ultimate choice for serving fish en papillote with impeccable style. A stylized portrait of a woman with red lips and nails wearing a flowery crown is hand-painted by Marras with intense yet delicate strokes, creating a subject that is a leitmotiv among his artistic repertoire. This one-off design was handcrafted in Apulia in collaboration with the historic Fratelli Coli pottery company.
