FISH TRAY

\$230

DESCRIPTION

Given as a housewarming gift or included in a personal collection, this exclusive ceramic tray is designed to serve hors d'oeuvres, infusing a rustic vibe on a dining table or a kitchen island. Masterfully crafted and painted by hand in the shape of a fish, the yellow-beige body and dark gray fins and tail display an exceptional glossy finish owing to a second firing, that enhances the underlying design and texture. The underside of the tray is of unglazed terracotta. Any variations in finish and appearance is mark of a unique handmade item.
