**FLAMINGO FLOOR LAMP BY NIKA ZUPANC**

\$2,380

## DESCRIPTION

This elegant floor lamp is shaped entirely of brass and features a round base supporting a stand with two-elements, the second stem jointed to the bottom to emulate the thin silhouette of flamingo's leg (movable at will). The shade, composed of a square section and delicate round corners, opens up with four flaps like a blooming flower so that also the width of the light emanating from above can be changed, depending on the use and surrounding decor.
