FLIK BROWN CEILING LAMP

\$1,790

DESCRIPTION

This exquisite ceiling lamp was designed by Karim Rashid in 2017 and boasts a series of shades crafted of mouth-blown Murano glass in a warm brown hue. Part of the Flik collection, this piece is also available as table lamp and its name is inspired by the drop-shaped of each shade, which also evokes the flickering fire with which the glass is made. This striking object of functional decor can be customized in the 21 colors of Purho's chart - please ask the Concierge for details.
