FLINT DECORATIVE SPHERE

\$1,070

DESCRIPTION

Part of the Flint collection, this sphere is an ode to pure geometry. It can be used as a striking sculpture on a bookcase or paperweight on a desk. Elegant and timeless, this piece will make a statement in any home. It was crafted of terrazzo, a mix of cement with the addition of marble fragments to give it a unique pattern and a two-tone color combination. Two crossing rings in brass add a warm glow to this sphere that is supported by a removable brass ring (included). This piece can be mixed and matched with others in the series as well as stack perfectly on the Flint Vase to adorn a contemporary home. Terrazzo is made of natural marble chips and involves a hand-made process; hence inconsistencies are expected and each piece is unique.
