FLINT DISH

\$160

DESCRIPTION

Elegant and functional, this bowl is part of the Flint collection, a series of minimalist pieces for the modern home crafted of terrazzo, a mix of grey cement and black and charcoal-colored marble fragments. The Flint Dish has been hand-molded to create a shallow divot. Entirely handcrafted, it works alone as a decorative container for tea candles, jewelry and other small accessories or can also hold the Flint Sphere. Terrazzo is made of natural marble chips and involves a hand-made process; hence inconsistencies are expected and each piece is unique.
