FLINT TALL NESTING TABLE

\$7,390

DESCRIPTION

This unique design is one of two nesting tables that are part of the Flint collection. Crafted of terrazzo, a mix of cement and marble chips, its simple silhouette is adorned with metal inserts along the legs and on the top to mark the connections between the structural elements of the piece. The sophisticated juxtaposition of contrasting colors and finishes will complement a modern living space and the materials are suitable for both indoor and outdoor use. This table is designed to be food-safe and was entirely handcrafted.
