FLINT VASE

\$1,040

DESCRIPTION

This stunning monolithic vase is part of the Flint collection, a series of objects conceived to adorn a modern living room or private study with organic surfaces and pure geometric silhouettes. In this case, the cylindrical shape of this piece is crafted of cement-based terrazzo with added grey and black marble chips. The top is accented with a detail in contrasting brass. This minimalist piece can be used as a vase for plants or fresh cut flowers or as a stunning decorative object. Terrazzo is made of natural marble chips and involves a hand-made process; hence inconsistencies are expected and each piece is unique.
