FLINT VESSEL SAGE

\$110

DESCRIPTION

Elegant and entirely handmade, this Vessel bowl (D10 cm) is part of the Flint collection. It can be used as a modern dining experience for Hors d'oeuvre or ice cream. The base of the vessel features solid brass WANG logo. The green terrazzo surfaces delicately complement the white marble chips. The geometric collection is curated in a way that accessories can be playfully stacked and interchanged, allowing for flexible usage and the opportunity for multiple personal arrangements.
