FLORAL HERONS LIGHT INSTALLATION

\$10,410

DESCRIPTION

This exquisite light installation depicts a serene scene of two herons surrounded by flowers, combining an eye-catching work of art with a functional lighting fixture. This superb addition for a modern home will make a statement in a foyer, bedroom, or private lounge. The piece is crafted by laser-cutting delicate holes on a metal panel and installing LED lights underneath a methacrylate panel, the resulting light filtering through the holes using the negative space. This piece will infuse a warm ambiance and a delicate effect to any interior and decor style.
