FLORENCE FROM THE TUSCAN HILLS MOSAIC TABLEAU

\$580

DESCRIPTION

A stunning artwork entirely handmade in stones using the pietra dura technique will bring the feel of Tuscany into your home. This natural scene with trees in a vibrant greenery alongside a tranquil countryside, with clear sky above and the view of the Florentine cathedral dome and bell tower in the distance, will make an exquisite addition to any wall. Evocative and stunning, it is also a perfect gift for someone who loves Italy and values craftsmanship. Wooden frame in gold finish on request, with customization based on availability. Please ask the concierge for details.
