FLOWERS EARRINGS IN TITANIUM, GOLD AND DIAMONDS IN BLUE

\$1,310

DESCRIPTION

This pair of sophisticated and colorful earrings features a flower-shaped titanium body, each adorned with a central diamond (color G, purity VVS2, .20 carats) mounted on 18k white gold for a total of 1.58 grams. The titanium flower is completely hypoallergenic and oxidized (not varnished) to achieve the brilliant coloration. It can be removed to wear only the diamond, and it can be customized in finish and color (pale blue, fuchsia, natural grey, golden, green, or purple). These pieces were entirely handmade and bear the logo in the back. They come inside a case with a certificate of authenticity.
