FLUX GOLD AND COBALT HAND PAINTED TABLECLOTH

\$3,450

DESCRIPTION

An abstract Fiber art work featuring hues of blue, ivory and cream, this exclusive tablecloth is painted entirely by hand with a mix of specially created metallic and iridescent acrylic colors. The fluid brushstrokes over the wrinkled polyester taffeta surface accentuates the color brightness and movement of the wavy shapes with a stunning visual effect. Slight differences in color shades and brush strokes are to be expected, making each tablecloth totally original.
