FOGLIE DI FICO WALLPAPER

\$880

DESCRIPTION

Depicting in vivid colors one of the most beloved Mediterranean trees, this wallpaper magnificently renders branches of a fig tree with their broad leaves and ripening fruits. This charming design was applied by hand on silk over a damask-printed background, which emerges to add an elegant textural quality to the piece. Particularly stunning in a contemporary decor, either colorful or monochromatic, this wall decoration is developed over three panels, each measuring 100 cm in width and 280 cm in height. Price is per square meter.
