FOUR QUATREFOILS TABLE BY ARCHER HUMPHRYES ARCHITECTS

\$31,210

DESCRIPTION

Exuding classic charm and timeless sophistication, this table will make an elegant statement in both traditional and contemporary interiors. Its structure in wood with a finish in white oak comprises a light and airy base that supports the narrow rectangular top adorned with four quatrefoils, an ornamental design that resembles a four-leaf clover, used in architectural tracery. The inlaid decoration in the wood is achieved with classic quartz and bronzed brass, adding a shimmering glow to this unique piece.
