## FRECCIA SMALL VASE

\$2,400

### DESCRIPTION

Designed by Alessandro Mendini, Freccia is a triangular base vase with an integral side which serves to give both direction and an arrow shape. The top is diagonal instead of horizontal, in order to obtain a dynamic form emphasized by the matt finish of the Murano blown glass. As with all Purho's products, Freccia is available in twenty-one colours or bespoke personalisations and in two different sizes. Available in 21 colors.
