\$18,890

DESCRIPTION

Ethereal and luxurious, this four-door sideboard designed by Tatiana Gorshkova boasts a delicate decoration inspired by Russian winter. The structure of matte black-varnished durmast-veneered panels is raised on brass feet with brushed and antiqued nickel finish. Two lateral sliding doors flank a central unit with four drawers, all covered in glass with hand-engraved frosty decoration on antiqued finished background. A 10 mm-thick top in extra-clear glass with antiqued mirror finish completes this statement-making piece.
