FUOCO GRAY AND ORANGE MEDIUM BOWL

\$220

DESCRIPTION

This superb object of functional decor is part of the Fuoco Collection, a series of pieces handcrafted of ceramic and boasting the energy and dynamism of fire (hence its name in Italian). Evoking the organic quality of incandescent lava, the half-spherical bowl is treated with a matte, charcoal-gray enamel on the outside and glossy orange along the inside, boasting a flame-shaped cut that seemingly rips the surface of the perfect round silhouette. Also available in other colors and sizes (D 35 x H 23 cm, and D 28 x H 18 cm), this one-of-a-kind object will not go unnoticed.
