DESCRIPTION

Emerging from behind a pleated drum shade in sheer white fabric, 20 arms in polished chrome-finished metal with brass details swoop from a shimmering bottom ball in a sinuous design. A long finial with a faceted Swarovski crystal pendant enriches the piece, whose glamorous allure is enhanced by rings with small royal-cut crystals dangling from the arms. This stunning piece is available also in other sizes and with polished gold, satin gold, or satin nickel finish. This lamp holds 20 E14 max 5W lightbulbs that will offer ambient illumination in an unforgettable style.
