GALTAJI-MONKEY TEMPLE DINNER PLATE N. 4

\$110

DESCRIPTION

Exclusive design, unique color combinations, and exquisite craftsmanship make this dinner plate a superb addition to a modern or classic dining table. This piece is part of the Galtaji-Monkey Temple Collection introduced at Maison&Object 2019 in Paris. Fashioned of porcelain, it is adorned with two separate scenes: the central motif depicting monkeys elegantly in their natural, exotic environment rendered in sepia and the rim is a negative print of a landscape, where the branches of the tall trees and the buildings are white over a shimmering, turquoise background.
