GALUCHAT TABLE LIGHT

\$1,460

DESCRIPTION

This table lamp's irregular surface texture is reminiscent of Galuchat sharkskin leather, from which this lamp takes its name. Jean-Claude Galuchat was the inventor of this type of leather and the master sheath craftsman of France's King Louis XV. This item features a transparent, handblown glass shade and matte, anthracite, painted metal structure. Light source: 7 watt, LED module - 2700 K.
