GARDA CONSOLE TABLE IN DARK GOLD FINISH

\$1,760

DESCRIPTION

Chromed metal frame with a dark gold finish and bold white artificial marble top are the successful ingredients of this linear console. The frame has an open back and five decorative flat slats in front and features an inset rim, where the large agglomerate marble slat rests. This sober and at the same time remarkable piece will stand out in an entryway, matched with a wall mirror, as a supporting surface for small personal objects, or in a living room, behind a sofa or against a wall.
