GATTAMELATA STATUE

\$3,485

DESCRIPTION

This magnificent statuette in bronze resting on a marble base, is inspired by the equestrian statue of Gattamelata by Donatello, placed in Piazza del Santo in Padua in honor of the warrior Erasmo da Nanni, known as Gattamelata, and his services rendered to the city of Venice. A true work of art, this statue exquisitely renders every detail, from the armor and the profile of the warlord, to each muscle of his horse.
