GAUDI COFFEE TABLE BY CHARAKA SIMONCELLI

\$1,320

DESCRIPTION

Inspired by Gaudí's vibrant art, this coffee table will imbue any modern living space with its decorative flair. The 3cm-thick wooden top boasts a handcrafted pattern where sculpted shapes, curves, solid hues, and shimmering golden accents splendidly coexist. A protective layer of resin seals the look. Part of a limited series of 300 pieces supplied with an authenticity certificate, the design is completed by a sleek metal frame with a rusty finish.
