GAYA FRUIT BOWL BY ETTORE SOTTASS

\$12,000

DESCRIPTION

Magnificent example of minimalist functional design by Ettore Sottsass for UpGroup, this bowl is composed of a circular base surmounted by a larger yet slimmer circle connected by two cylindrical elements, all made of superb Carrara marble. A cone of pink Portogallo marble is inserted at the center of the top circle with its base resting on the lower circle. This structure is topped by a curved handle crafted of brass with a matte polish finish. This unique object with an elegant silhouette will grab the attention whether used for holding fruit or as decorative piece.
