Purho

GEMELLO VASE #2

\$3,205

DESCRIPTION

Purho continues to search for products with complementary shapes with the pair of Gemello and Gemella vases designed by Alessandro Mendini. Sharing the same design concept, the vases play on contrasting volumes, so that the first appears more slender whilst the second has softer lines, a nod towards the male and female silhouettes. Made of Murano glass, clear or with matt finish, the vases can be customized by choosing among the twenty-one shades of the colour chart. Available in 21 colors.
