GENEA NATURAL ASH DINING CHAIR WITH MOCHA UPHOLSTERED SEAT

\$890

DESCRIPTION

Two aspects make the Genea Dining Armchair quite distinctive: the characteristic design fashioned from a single continuous curved section delineating backrest, armrests, and legs, and the highest standards of craftsmanship. Crafted using exclusively sustainable, certified natural, non-toxic materials, this design by Atelier oï showcases a natural ash wood frame finished with oil and natural wax, and a lightly padded seat covered with mocha fabric made of natural fibers by Kvadrat. Please ask the Concierge for customization options.
