Casa Marras

GENNARINO LARGE VASE

\$250

DESCRIPTION

Created in collaboration with Fratelli Colì - an Apulian, family-run pottery company established in 1650 - this exceptional ceramic vase belongs to the "The Pois Brothers" Collection, a series dedicated to the reproduction of Marras's illustrations of three siblings dressed in polka-dot clothing. Superb decals in gray and black tones define the silhouette of Gennarino, the little boy, standing out against the beige-glazed backdrop. The piece is dishwasher- and food-safe.
