GEO TRAY TABLE IN PAONAZZO MARBLE

\$6,480

DESCRIPTION

An exercise in innovation and visual balance, this sculptural tray table will be a standout element in any modern or minimalist interior. The sleek tray is crafted of Paonazzo marble with solid brass handles that delicately flare, complementing the golden veining in the marble for a striking visual effect. The tray rests atop a cherry frame, the U-shaped legs with brass feet supporting a rectangular top for the tray and a bottom shelf rack with a central solid square accent. Bold, sleek lines make this tray table the perfect piece for a living room, dining room, or private study.
