La Bottega di Verde Ramina

GEOMETRIC BLUE DECORATIVE TILE

\$115

DESCRIPTION

Evoking Celtic patterns, the eye-catching design gracing this majolica tile is crafted using the 1920 technique called "rame a spessore". The harmonious combination of concentric circles and geometric shapes is obtained by applying dark copper layers on the earthenware prior to the last firing, creating a dense texture on the white glazed background.

DETAILS & DIMENSIONS

- Material: Ceramics
- Dimensions (in): W 5.91 x D 5.91 x H 0.79
- Dimensions (cm): W 15 x D 15 x H 2
- Handmade In Italy
