GEOMETRIES AND GECKOS SILVER LUSTRE BOTTLE

\$1,650

DESCRIPTION

This breath-taking lustreware piece will complete tables with unexpected glamour while not renouncing on artisan appeal. Handcrafted following an ancient Persian technique that involves the use of chlorides, nitrates, and sulfates and the second firing in a reduction kiln, it is distinguished by a silvery, lustrous appearance encased within geometrically sculpted edges and adorned with geckos. It is a singular lustreware piece that is made to last generations.
