DESCRIPTION

Part of the Germogli collection, this sophisticated and modern design is inspired by nature and will be a superb pop of color and decorative accent in a modern home. Its geometric decorative pattern is a contemporary interpretation of a traditional Sardinian motif, in which horizontal lines over a vivid red background are adorned with a series of small elements that resemble sprouts (hence the Italian name of the collection). Made to order, this piece take 30 days from the date of purchase. Its surface is 4-5mm and can be displayed on both sides.
