## GHIRIGORI MIRROR

\$14,870

### DESCRIPTION

Traditional craftsmanship and modern design meet in this stunning mirror that will equally enrich an entryway wall in a modern home or a mantelpiece in a classic interior. The rectangular shape of the mirror is not enclosed in a regular frame, rather it is cut out to create a stunning decoration entirely made of mouth-blown Murano glass. The individual pieces are cut using a stone "mole" that create sharp edges that will reflect the surrounding light in a sophisticated interplay.
