GIANNUTRI GREEN BENCH DAYBED

\$5,820

DESCRIPTION

A sophisticated aesthetic expressed in soft shapes, compact proportions and elegant details, this daybed bench is entirely upholstered in hunter green velvet fabric. The enveloping lines of the soft-cushioned seats and button-tufted armrests offer a pleasant, welcoming place to relax in any interior, from bedroom to living room. This piece is accented with metal nail heads that emphasize the curved silhouette of the arms, whose rounded shapes create an elegant contrast with the more formal, geometric outlines of the structure. Bolster pillows included. Available also in leather.
