GIARDINO A VENEZIA PAINTING #2 BY ANTONIO CELLI

\$6,335

DESCRIPTION

In this painting, Antonio Celli creates an extraordinary oil on canvas that captures the essence of the present and the wealth of the past, with a deep feeling of nostalgic intimacy and enchanting beauty. The Neapolitan painter is an expert of the natural garden art style that uses neoclassic sculptures and architecture that resist the flow of time. The detailed touch recreates the flowery beauty in some spots as it was real.
