LIGHTING : SCONCES & WALL LAMPS

Kdln

GIASS WHITE LAMP 25 CM

\$3,355

DESCRIPTION

The glass of tumblers and ice, "giass" in Milanese dialect. The retro style of bars from a by-gone era. A world reinterpreted with a modern vision. Continuous reflections and iridescent light and the possibility of creating numerous combinations at will. The elements in four different sizes and two color variations leave ample room for compositional freedom. ETL Certification.
