DESCRIPTION

This elegant and comfortable seat updates the 18th century French archetype with contemporary details. The drum frame is made of wood and upholstered entirely with soft velvet in a sophisticated teal color, with a smooth round pillow on top and capitonne' style with tone-on-tone buttons around the lower section. The base is in mocha-lacquered wood and is raised on pointed feet. The ideal choice to infuse elegance and glamour into a luxurious bedroom decor, this exclusive pouf can be paired with the Annette vanity table for a striking look.
