GILDA SCONCE

\$1,500

DESCRIPTION

Combining the sleek smoothness of chromed brass with the horn, boasting unique veining and bold silhouette, this sconce will make a statement in a modern or rustic home, where it can flank a mirror in the foyer, a sofa in the living room, or can be placed on top of a nightstand in the bedroom. This sculptural piece has a square base supporting the dark horn element, whose dynamic tension culminates in the ivory shantung lampshade.
