**GIULIA CHAIR**

\$610

## DESCRIPTION

This minimalist chair is equally suitable for the rigorous decor of an industrial interior and for a modern outdoor space like a patio, poolside, or terrace. Its timeless design is distinctive for an airy structure in metal that comprises thin straight legs linked together with a delicate curve. The legs support linear seat and backrest distinctive for a texture made of woven wrought iron threads that create a thick fabric-like surface with a visible square pattern.
