GL1B SIDEBOARD

\$12,790

DESCRIPTION

An exclusive interplay of precision hand-craftsmanship and innovative technology, this sideboard is part of a modular system whose versatility comes from its simplicity, as each piece can be adapted, reconfigured, and expanded to suit any interior need. Handcrafted of high-gloss white Corian® with an irregular, continuous shape, this sideboard is enriched by walnut drawers with concealed soft-close opening that add a captivating textural contrast. The modules can be stacked and interlocked to form seamless units using simple pin-and-cam mechanisms. The finish is customizable upon request.
